

Juniors - CAASPP/Smarter Balanced & You:

- If you do not attend a day of testing, you will be required to make it up. Please be present and on time, so you do not have to make up the test. The make up day and time will be chosen for you.
- Check the EAP box on the test. If you perform well on the CAASPP, you will be able to take college-level math and English courses at CSUs and Community Colleges and eliminate the need to start college in lower-level classes. CSU's will ask for your scores to determine if you are college ready.
- Your results will show up on School Loop and IC and are reported to the state. In addition to CSU's, many colleges and universities use CAASPP scores to compare your school and your scores to others.
- These scores are important. Please take the test seriously. If the school does well and keeps improving, we have more academic freedom to implement the best curriculum and lessons for students, as opposed to the state providing it for us. It benefits the school, teachers, and you if students do the best they can on the test.
- Lastly- bring headphones if you have them :)

It benefits you to do your best on this test!

Good luck, Sequoia!
