Final Project   Joe Schmoe
Build Your Own Computer   Computer Systems Design
Mr. Brumbaugh   January 9, 2003

I am building this system for my teenage son, who has many different technology interests he would like to satisfy with one machine. This computer has to be able to run all of the 'typical' software applications for school work; i.e. Microsoft Office (Word, PowerPoint, Excel and Access) and Internet access. ……….

Second paragraph describes the components and why they were chosen for this system.

Here is an example of one of the components.

Components:

1) Case:
Product Description - StarTech.com ATX5250PRO - mini tower -   micro ATX
Form Factor - System cabinet - mini tower
Dimensions (WxDxH) - 7.5 in x 14.7 in x 13.7 in
Redundant System Fans Qty - 1
Color – Beige
Power Provided - 250 Watt
Manufacturer Warranty - 2 years warranty

                    StarTech.com through buy.com $59.18

Other features:

Front mounted USB, FireWire, and audio ports, front and side panel vents for maximum cooling, a dependable StarTech.com 8 cm cooling fan, five drive bays, four expansion slots, tool-less entry. (http://www.buy.com/retail/product.asp?sku=10353159&loc=2044)
